The City of Turlock recognizes individuals, groups and organizations who have made significant contributions to the Turlock community by naming or possibly renaming City Buildings, Parks, or Facilities in their honor. The naming of these City-owned facilities benefits the residents of the City by creating a stronger sense of community, a sense of identity and place, and a connection between past and present. It also enhances a sense of history in the community by creating community role models and communicates a sense of what the community values.

The provided information will play a vital role in making a determination to name a facility or park. All nominations will first be presented to the Parks, Arts & Recreation Commission who will then make their recommendation to the City Council. Use additional paper if necessary.
